INTRODUCTION

We are excited to be presenting our business service proposal to you, as we know that it marks the start of exciting and positive times ahead for you and JJ ENTERPRISE GROUP LTD.

This proposal outlines the Accounting Services we discussed and which we feel will help drive your business to your next level of success.... and beyond

PROJECT DESCRIPTION

JAIN ACCOUNTING SERVICES LIMITED seeks a full review of their historical financial records and future accounting needs.

At the start, our experts carefully review your past records and assess your financial services needs according to the nature of your company and suggest the services model best suited to your requirements. The work plan is finalized only after an initial (and possibly subsequent) extensive consultation with JAIN ACCOUNTING SERVICES LIMITED. Periodic review of our services and client feedback is an essential feature of our work plan which ensures that we remain an efficient accounting partner for your business.

OUR GOALS

- Provide reliable, efficient, and experienced accounting support to your business;
- Ensure sound financial advice based on regular maintenance of your financial data; and
- Contribute towards long term and sustainable success of your business by keeping an eye on the projections and performance with regular appraisals and financial reports.

We will keep you apprised at all stages of our accounting procedures with regular reports for reference and review. All data will be accessible to the client around the clock through dedicated servers using the most modern software and backup facilities. In addition, we also act as business advisors by keeping an eye on the market trends and advising our clients on using the most modern and efficient methods related to accounting and financial reporting.

Solution

According to a recent estimate, outsourcing accounting work can reduce your business cost by as much as 30%. Hiring a specialist accounting firm like JJ ENTERPRISE GROUP LTD will not only lower your business costs but will also provides you with the benefit of an efficient and experienced accountants.

EXECUTIVE SUMMARY

Objective

Accounting is a function that forms the core of any business. Important business decisions rely heavily upon the financial information at all stages of a project, from planning to execution to finalization. Efficient bookkeeping and financial control ensures the company runs smoothly with an eye for growth. Data, statements and projections are all vital financial figures that a business must have on-hand for sound business performance. Operating as a neutral third party, JJ ENTERPRISE GROUP LTD will provide accurate and unbiased data to JAIN ACCOUNTING SERVICES LIMITED.

Goals

JJ ENTERPRISE GROUP LTD offers proven expertise in areas such as bookkeeping, accounting, and controller services. Bookkeeping includes the day-to-day business transactions like customer payments, bills, invoices, bill payments, disbursements, and withdrawals. We maintain ledgers for Accounts Receivable, Accounts Payable, and cash accounts and produce daily or weekly reports according to the clients' preference. Payroll and related activities with tax calculation are also part of our portfolio. Our repertoire also includes preparing periodic reports, financial statements, bank reconciliations and taking care of your general accounting needs.

AT A GLANCE

At JJ ENTERPRISE GROUP LTD we have built a team of financial experts in business with over 12 years of combined experience. Our founders came together in 1993 to start this company in the California area. As a company, we are recognized for our work and have been recognized for our achievements.

Our accounting professionals are highly qualified and specialized accountants working on the most up-to-date accounting software programs available and also continually stay up-to-date on the newest accounting laws.

JJ ENTERPRISE GROUP LTD uses the most popular accounting software such as MYOB, Oracle, QuickBooks, Quicken and SAP.
